- VSWR less than 2.0:1
- Fold-over whip element
- Base connection PL-259 type requires SO-239 base
- Length: 1.98m
- Weight: 800g
c/w allen key

The BB-2M HF wideband mobile antenna covers 7 to 30MHz and also 50-54MHz. Because of its size a large size mount is recommended.

The BB-2M is completely adjustment free, but it may be necessary to use an antenna tuner to obtain a low SWR reading.

The whip element is tiltable, in order to keep the antenna on the vehicle and not catch the whip on garage doors etc.

Order As BB-2M 7-30MHz + 50-54MHz Mobile Antenna

Waters & Stanton PLC, Spa House, 22 Main Road, Hockley, Essex, SS5 4QS, UK.
