Quad Band Trap Vertical Antenna 6-10-15-40m

NEW 

- Frequency bands: 6, 10, 15, 40m
- Bandwidth: 6m 500kHz, 10m 600kHz, 15m 300kHz, 40m 45kHz
- Power handling: 500W PEP (28/50MHz), 400W PEP (21MHz), 200W PEP (7MHz)
- VSWR: Better than 1.5:1
- Height: 3.6m (11.8ft)
- Radial length: 180cm (71in)
- Weight: 3kg

The Diamond CP-725H is a quad band (6, 10, 15 & 40m) trap vertical antenna with trap radials. Easy to assemble, it is very similar to the popular CP-6. Its light weight aluminium construction makes it suitable for mast installation. Can be used in a portable location, but care must be exercised with the trap radials for safety. The antenna is only 3.6m (11.8ft) in length and radials only 180cm long. The radials may be arranged in a 360 degree circle or 180 degree arc.

Order As CP-725H Quad Band Trap Vertical Antenna
