## Mobile SWR/PWR Meter

The MFJ-818 is particularly useful for mobile/portable use as it has been specially ruggedised for this purpose. The meter is fully enclosed in a strong aluminium case with just the buttons and sockets exposed.

The cross-needle SWR/PWR meter measures forward and reflected power and SWR simultaneously, and is designed to operate on 1.8 to 30MHz. It has two power ranges, the high power scale measures 0 to 300W forward power and 0 to 60W reflected power. The low power scale measures 0 to 30W forward power and 0 to 6W reflected power.

- Frequency range 1.8-30MHz
- Power ranges FWD 30/300W REV 6/60W
- Large cross-needle 76cm (3in) meter
- Separate Power and SWR needles
- Internal backlit meter requires ext 12V
- Sockets: SO-239
- Size 127 x 76 x 51mm

**Ruggedised  
VSWR/PWR meter  
for Mobile / Portable  
use**
